

# Identifying materials

Outstanding Science Year 2 - Uses of everyday materials - OS2D001

National Curriculum Statutory Requirements

KS1W4 - identifying and classifying

2D1 - identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses

## Learning Objective

I can identify the materials from which different objects are made.

Me:

Teacher:

Take a look at these objects.

**What are they?** Write the name of each object in the space underneath.

**What are they made from?** Carefully, cut out each object and group them by material.

When you are happy with your choices, paste the objects into the groups.

These objects are made from **wood**.

These objects are made from **metal**.

These objects are made from **plastic**.

These objects are made from **glass**.

These objects are made from **brick**.

These objects are made from **rock**.

These objects are made from **paper**.
